

Rodale Institute’s farm share program offers a weekly selection of seasonal, fresh, organic, locally grown produce delivered to your community pickup site. By participating in our farm share, you become a stakeholder in your local farm and a supporter of your local economy. Your dollar contributes to the important work that Rodale Institute has been doing for over 70 years, including researching the benefits of regenerative organic agriculture, training the next generation of organic farmers, and increasing availability and accessibility of organic produce. Our program offers both vegetable and meat share options.

Vegetable Shares: Members will receive a mix of products that have been grown in our high tunnels and in the field. We strive to offer variety while providing a good selection of the basics. Vegetable shares run 22 weeks from approximately the first week of June through the last week of October (exact dates vary due to weather).

Meat Shares: Members have the option to participate in a pork, poultry, or poultry/pork duo share. All meat included in shares has been organically-raised on pastures at Rodale Institute. Members can receive a monthly meat share with a weekly vegetable share or without. There are no substitutions or revisions for meat shares. Meat share options include:

- Small Pork Share – 10 lbs. of frozen pork in a variety of cuts. Can include bacon, sausage, hams, ground pork, and pork roasts.
- Large Pork Share – 15 lbs. of frozen pork in a variety of cuts. Can include bacon, sausage, hams, ground pork, and pork roasts.
- Small Chicken Share – 1 whole, frozen chicken.
- Large Chicken Share – 2 whole, frozen chickens.
- Small Duo Share – 10 lbs. of pork in a variety of frozen cuts and 1 whole, frozen chicken.
- Large Duo Share – 10 lbs. of pork in a variety of frozen cuts and 2 whole, frozen chickens.

Meat share deliveries will occur the second week of each month, beginning in June and ending in October. Monthly payment members will be charged on the weeks of deliveries. A la carte meat purchases are also available. See cuts and prices at rodaleinstitute.org/get-involved/visit/farm-sales/custom-pork-orders.

All members agree to pick up their shares weekly throughout the entire season at one of the community locations listed on this form.

I am committing to support Rodale Institute’s farm share through the 2021 growing season and share in the risks and rewards of this farm. I understand that the farmers at Rodale Institute grow all of the produce provided in my share with organic practices and my farmers will provide the most balanced and bountiful harvest possible. I realize, too, that farming varies from season to season and despite specific projections, farming is susceptible to weather, insects, disease and other acts of nature. **I understand that I am committing to pick up my share on a weekly basis for the entire season at the location I have chosen, during normal pick-up hours. If I cannot pick up my share or have it picked up by a family member or friend, I will notify my farmer. I understand I will still be charged for the weekly delivery of produce even if I do not pick it up.**
